Sir:

Responsive to the Official Action of March 13, 2003,
please amend the above-identified application as follows:

IN THE CLAIMS:

Amend claim 1 as follows:

--1. (amended) A mobile radio communication system in
which location-limited mobile stations can be used, comprising:
a registered area storage means in which information
concerning registered areas, which have been registered as areas
where a location-limited mobile station is allowed to originate a
call, is stored with regard to each location-limited mobile
station, where the registered areas of each location-limited
mobile station can be altered to alternative registered areas
during a preset time period;
